

HOW TO GET HERE FROM **BARCELONA GRAN VIA** driving down the **C-31** road

Estimated time without traffic 20 minutes

- ❖ Leaving Barcelona driving down the *Gran Via*, we recommend the route indicated in the document “**Gran Via**”, but if you prefer it or you pass by mistake the other exit, this is another option.
- ❖ Stay on the C-31 direction Castelldefels / Aeroport / El Prat del Llobregat

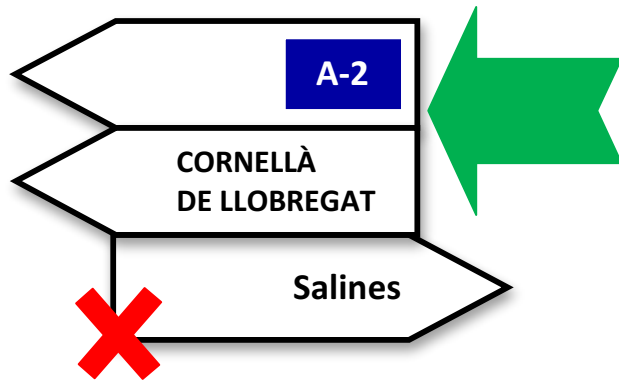

- ❖ Later, take the exit direction St. Boi de Llobregat

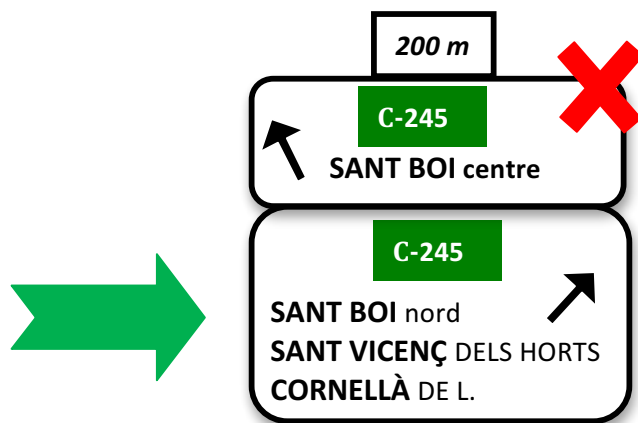

- ❖ Stay in this road until you find the exit shown in the sign below

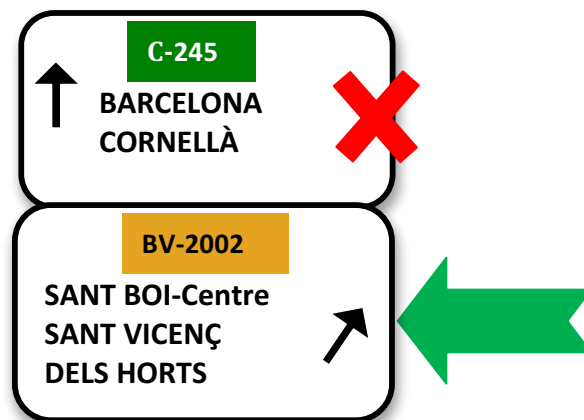

- ❖ Take the exit and go to the left lane direction A-2 / Cornellà

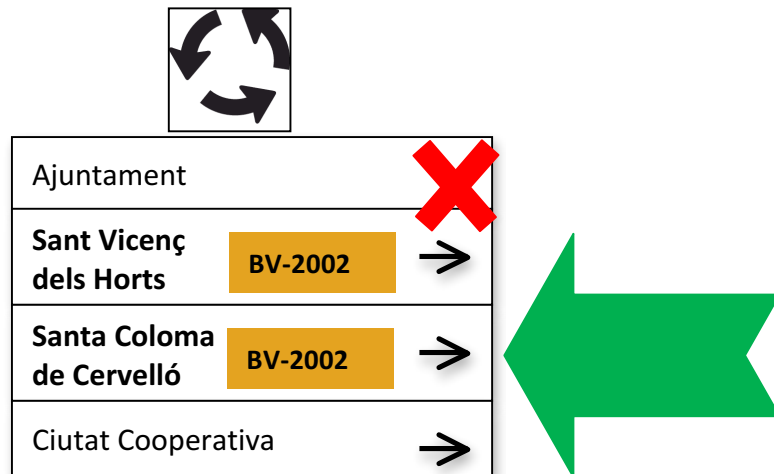

- ❖ A few meters later keep driving down your lane so that in the roundabout ahead you follow the direction to Sant Boi nord / Sant Vicenç dels Horts / Cornellà.

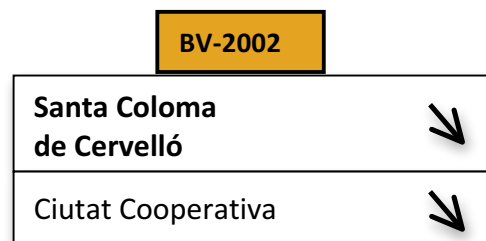

- ❖ Once you've passed the roundabout take the first exit direction Sant Vicenç dels Horts

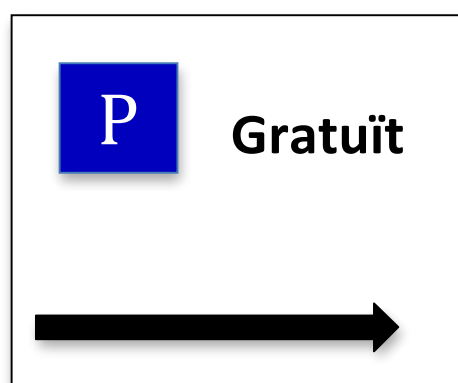

- ❖ Keep driving on the right side of the road (the left lane will go off)
- ❖ Once you've joined the new road, keep driving until you reach a roundabout, where you'll have to take the first exit direction Santa Coloma – Sant Vicenç dels Horts – Ciutat Cooperativa.

- ❖ On the next roundabout take the first exit direction Santa Coloma de Cervelló / Ciutat Cooperativa

- ❖ On the next roundabout take the second exit direction Santa Coloma de Cervelló / Colònia Güell
- ❖ A few meters ahead you'll see the industrial complex of the Colonia Güell on your left. Keep straight until the next roundabout, where you have to go to the left, third exit direction the parking lot.

- ❖ On the next roundabout (with a cross in the middle), take the first exit on the right and keep driving for another 200 meters, where, after the football field, you'll find the parking lot.
- ❖ Once you leave the car, across the street there are two signs, one with a map of the town and another that shows the way to follow to the Interpretation Center. Take the path that goes down, and when it finishes, keep going down through the street until you reach the Interpretation Center.
